

## Greenplate Inbench BBQ Cleaning Kit

### CLEAN YOUR STAINLESS STEEL GREENPLATE BBQ PLATE WITH EASE!

Bring your BBQ plate back to new by using the Black Abrasive Cleaning Pads in conjunction with the easy to use Pad Holder. All you need is a small amount of warm soapy water and your BBQ plate will be spotless and ready to cook on within minutes. The Greenplate Cleaning Kit severely reduces the time it takes to effectively clean the cooking plate.

This kit can be used to clean over 200 BBQ plates! Watch our cleaning video here: 

### CLEANING INSTRUCTIONS

- Wipe down cooking plate with warm soapy water and a towel to remove and excess grease and/or loose food scraps.
- Cut the abrasive pad with scissors to a similar size as the Abrasive Pad Holder. (1 pad can be cut into 4 pieces) Each piece can be used multiple times.
- Place the abrasive pad onto the Abrasive Pad Holder.
- In the direction of the cooking plate grain apply a reasonable amount of pressure onto the pad pushing backwards and forwards in the same direction.
- Do this until the cooking plate is completely clean.
